Professional Highlights

COLDEN CORPORATION

Asbestos and Lead Monitoring – Worked in the asbestos, lead, and hazardous materials consulting field as an inspector, air monitor, and project monitor. Served as project monitor for a 2-year \$220,000 hazardous waste and asbestos remediation project in a SUNY residence hall. Recently monitored an 86,000 square foot remediation project for hazardous waste and asbestos for a Fortune 500 client.

Surveying – Performed numerous asbestos surveys at client facilities. The surveys include but are not limited to pre-demolition, and pre-renovation. Recent surveys have included large glass manufacturing, retail space, educational, pharmaceuticals and major utility buildings.

Industrial Hygiene – Provides comprehensive industrial hygiene services including sampling design and implementation in industrial and non-industrial settings. Served as the project manager for the remediation and Community Air Monitoring Program during the renovation of a large upstate mall.
