Professional Highlights

COLDEN CORPORATION

Working out of Colden's Philadelphia office, Mr. Diaz provides EHS assessments, training, indoor air quality surveys, and hazardous building materials management services for clients. Experience developing, coordinating, and implementing safety programs in accordance with internal corporate and external safety standards and guidelines.

CLARK CONSTRUCTION GROUP, LLC

As a Safety Manager, Mr. Diaz managed programs addressing the safety of employees, subcontractors, and the general public. He enforced corporate and project specific safety and health programs in accordance with federal, state, and local safety standards. Identified known and potential exposures, and recommended corrective action. Reported safety performance and future plans. With field supervision, Mr. Diaz managed select safety aspects on a 146 million dollar construction building contract for a 42,000 square foot building. Mr. Diaz was responsible for managing safety projects including critical lifts and hazardous material handling. Developed safety training for client employees and subcontractors. Coordinated third party safety reviews. Participated in OSHA regulatory compliance visits.
